

PHIDU data holdings at July 2018:

1. National Data held by Population Health Area (PHA), Local Government Area (LGA) or Primary Health Network (PHN): whole population Atlas

Topic/ Indicator	Indicator detail	Geography	Time period
Population demographics			
Age distribution			
Age distribution: Males/Females/Persons: 5 yr age groups (ERP)	Age in 5 year age groups, 0-4 to 85+ yrs, Estimated Resident Population (ERP): Males/Females/Persons	PHA, LGA, PHN	2016
Age distribution: Males/Females/Persons: broad age groups (ERP)	Age in broad age groups: 0-14, 15-24, 25-44, 45-64, 65+, 70+, 75+, 85+ yrs, ERP: Males/Females/Persons	PHA, LGA, PHN	2016
Population projections: <u>Archived</u>			
Population projections: Males/Females/Persons: 5 yr age groups (Projected 2020, 2025 ERP)	Age in 5 year age groups, 0-4 to 85+ yrs, Projected ERP: Males/Females/Persons	PHA, LGA, PHN	2020, 2025
Aboriginal population			
Aboriginal population: Males/Females/Persons (ERP) (non-ABS): 5 yr age groups	Age in 5 yr age groups, 0-4 to 65+ yrs, estimated resident population (ERP) (non-ABS): Males/Females/Persons	PHA, LGA, PHN	2016
Indigenous status			
Aboriginal population as per cent of total population (ERP) (non-ABS)	Aboriginal population as per cent of total population, ERP (non-ABS)	PHA, LGA, PHN	2016
Aboriginal population as per cent of total population: 5 yr age groups (ERP) (non-ABS)	Aboriginal population as per cent of total population by 5 yr age groups: 0-4 years to 65+ yrs, ERP (non-ABS)	PHA, LGA, PHN	2016
Birthplace & non-English speaking residents			
Australian-born population	Australian-born population	PHA, LGA, PHN	2016
Born overseas in predominantly English speaking countries	People born (overseas) in predominantly English speaking countries	PHA, LGA, PHN	2016
Born overseas in predominantly non-English speaking (NES) countries	People born in predominantly non-English speaking countries	PHA, LGA, PHN	2016
Longer term arrivals; born in NES countries	People born in NES countries resident in Australia for five years or more	PHA, LGA, PHN	2016
Recent arrivals; born in NES countries	People born in NES countries resident in Australia for less than five years	PHA, LGA, PHN	2016
Poor proficiency in English & born overseas	People aged 5 yrs & over, born overseas, who speak English 'not well', or 'not at all'	PHA, LGA, PHN	2016
Birthplace: Top ten non-English speaking countries of birth	China (excluding Special Administrative Regions of Hong Kong & Macau, and Taiwan), India, Philippines, Vietnam, Italy, Malaysia, Sri Lanka, Germany, Korea, Republic of (South), and Greece	PHA, LGA, PHN	2016
Fertility	Total fertility rate	LGA	2013–2015

Topic/ Indicator	Indicator detail	Geography	Time period
Social indicators			
Education			
Preschool participation	Children aged 3 to 4 years who participated in preschool education	PHA, LGA, PHN	2016
Early school leavers	People who left school at Year 10 or below, or did not go to school	PHA, LGA, PHN	2016
Secondary school	Full-time participation in secondary school education at age 16	PHA, LGA, PHN	2016
VET – Participation in vocational education & training	Participation in vocational education & training: Aboriginal population/ non-Indigenous population/ total population	PHA, LGA, PHN	2015
VET – Load pass rate of vocational education & training: government-funded hours	Load pass rate of vocational education and training subjects: government-funded hours	PHA, LGA, PHN	2015
VET – Load pass rate of vocational education & training: private-funded hours	Load pass rate of vocational education and training subjects: private-funded hours	PHA, LGA, PHN	2015
VET – Load pass rate of vocational education & training subjects	Load pass rate of vocational education and training subjects: Aboriginal students/ non-Indigenous students/ total students	PHA, LGA, PHN	2015
VET – Government-funded vocational education & training	Government-funded vocational education & training: Aboriginal students/ non-Indigenous students/ total students	PHA, LGA, PHN	2015
Higher education	School leavers enrolled in higher education	PHA, LGA, PHN	2016
Early childhood development			
Australian Early Development Census (AEDC)			
- Developmentally vulnerable on one or more domains	Developmentally vulnerable on one or more domains	PHA, LGA, PHN	2015
- Developmentally vulnerable on two or more domains	Developmentally vulnerable on two or more domains	PHA, LGA, PHN	2015
- Physical health and wellbeing domain	Physical health and wellbeing domain - developmentally vulnerable/ at risk/ on track	PHA, LGA, PHN	2015
- Social competence domain	Social competence domain - developmentally vulnerable/ at risk/ on track	PHA, LGA, PHN	2015
- Emotional maturity	Emotional maturity - developmentally vulnerable/ at risk/ on track	PHA, LGA, PHN	2015
- Language and cognitive skills (schools-based) domain	Language and cognitive skills (schools-based) domain - developmentally vulnerable/ at risk/ on track	PHA, LGA, PHN	2015
- Communication skills and general knowledge domain	Communication skills and general knowledge domain - developmentally vulnerable/ at risk/ on track	PHA, LGA, PHN	2015
Learning or Earning			
Learning or Earning	Learning or Earning at ages 15 to 24 years	PHA, LGA, PHN	2016
Families			
Single parent families with children aged less than 15 years	Single parent families with children aged less than 15 years	PHA, LGA, PHN	2016
Jobless families with children aged less than 15 years	Jobless families with children aged less than 15 years	PHA, LGA, PHN	2016
Children aged less than 15 years in jobless families	Children aged less than 15 years in jobless families	PHA, LGA, PHN	2016

Topic/ Indicator	Indicator detail	Geography	Time period
Children in families where the mother has low educational attainment	Children aged less than 15 years living in families where the female parent's highest level of schooling was year 10 or below, or where the female parent did not attend school	PHA, LGA, PHN	2016
Child care: unpaid			
Child care to own child/children (unpaid)	Unpaid child care provided by people 15 yrs & over to own children	PHA, LGA, PHN	2016
Child care to other child/children (unpaid)	Unpaid child care provided by people 15 yrs & over to other children	PHA, LGA, PHN	2016
Total (unpaid) child care	Total (unpaid) child care provided by people aged 15 yrs & over	PHA, LGA, PHN	2016
Housing			
Rent assistance from the Australian Government	Households in dwellings receiving rent assistance from the Australian Government	PHA, LGA, PHN	June 2016
Housing authority dwellings being rented	Dwellings rented from the government housing authority	PHA, LGA, PHN	2016
Dwellings being rented from a housing co-operative, community or church group	Dwellings rented from a housing co-operative, community or church group	PHA, LGA, PHN	2016
Housing stress – mortgage holders	Low income households with mortgage stress	PHA, LGA, PHN	2016
Housing stress – renters	Low income households with rental stress	PHA, LGA, PHN	2016
Housing stress – mortgage holders & renters	Low income households under financial stress from mortgage/rent	PHA, LGA, PHN	2016
Housing suitability	Families requiring extra bedrooms	PHA, LGA, PHN	2016
No motor vehicle	Private dwellings with no motor vehicle	PHA, LGA, PHN	2016
Income support			
Age pensioners	Age pensioners	PHA, LGA, PHN	June 2016
Disability support pensioners	Disability support pensioners	PHA, LGA, PHN	June 2016
Female sole parent pensioners	Female sole parent pensioners	PHA, LGA, PHN	June 2016
Unemployment beneficiaries	People receiving an unemployment benefit	PHA, LGA, PHN	June 2016
Long-term unemployment beneficiaries	People receiving an unemployment benefit for longer than 6 months	PHA, LGA, PHN	June 2016
Youth unemployment beneficiaries	Young people aged 16 to 24 receiving an unemployment benefit	PHA, LGA, PHN	June 2016
Low income families (with children)	Welfare-dependent & other low income families with children	PHA, LGA, PHN	June 2016
Children in low income families	Children in welfare-dependent & other low income families	PHA, LGA, PHN	June 2016
Health Care Card holders	Health Care Card holders	PHA, LGA, PHN	June 2016
Pensioner Concession Card holders	Pensioner Concession Card holders	PHA, LGA, PHN	June 2016
Seniors Health Card holders	Seniors Health Card holders	PHA, LGA, PHN	June 2016
Internet access at home			
Internet accessed from dwelling	Private dwellings where the internet was accessed	PHA, LGA, PHN	2016
Internet not accessed from dwelling	Private dwellings where the internet was not accessed	PHA, LGA, PHN	2016
Labour force			
Unemployment	Unemployment	PHA, LGA, PHN	June 2016
Labour force participation	Labour force participation	PHA, LGA, PHN	June 2016
Female labour force participation	Female labour force participation	PHA, LGA	2016
Summary measure of disadvantage			
	Index of Relative Socio-economic Disadvantage	PHA, LGA, PHN	2016

Topic/ Indicator	Indicator detail	Geography	Time period
Community strength and wellbeing: Modelled estimates (ABS General Social Survey, people aged 18 years and over) other than Voluntary work (ABS Census): in process of being updated			
Community strengths			
Voluntary work for an organisation or group (ABS Census)	People 15 yrs & over who participated in voluntary work	PHA, LGA, PHN	2016
Voluntary work for an organisation or group	People who did unpaid voluntary work in the last 12 months	PHA, LGA, PHN	2014
Support in times of crisis	People able to get support in times of crisis from persons outside the household	PHA, LGA, PHN	2014
Support to other relatives living outside the household	People (or their partner) who provide support to other relatives living outside the household	PHA, LGA, PHN	2014
Feels very safe/safe walking alone in local area after dark	People who feel very safe/safe walking alone in local area after dark	PHA, LGA, PHN	2014
Disagree/strongly disagree with acceptance of other cultures	People who disagree/strongly disagree with acceptance of other cultures	PHA, LGA, PHN	2014
Felt they had experienced discrimination or been treated unfairly by others	People who felt they had experienced discrimination or been treated unfairly by others	PHA, LGA, PHN	2014
Personal and financial stressors			
Households that could raise \$2,000 within a week	People whose household could raise \$2,000 within a week	PHA, LGA, PHN	2014
Government support as main source of income in last 2 years	People who had government support as their main source of income in the last 2 years	PHA, LGA, PHN	2014
Government support as main source of income, for 12 months or more, within the past 24 months	People who had government support as their main source of income, for 13 months or more, in past 24 months	PHA, LGA, PHN	2014
Access to services: financial and transport barriers			
Difficulty or can't get to places needed with transport	People who often have a difficulty or can't get to places needed with transport	PHA, LGA, PHN	2014
Barriers to accessing healthcare	People who experienced a barrier to accessing healthcare when needed	PHA, LGA, PHN	2014
Mothers & babies			
Low birth weight babies	Low birth weight babies	PHA, LGA, PHN	2012–2014
Smoking during pregnancy	Mothers who reported smoking during pregnancy	PHA, LGA, PHN	2012–2014
Breastfeeding (modelled estimates)	Fully breastfed babies at 3 months; at 6 months	PHA, LGA, PHN	2014–2015
Introduction of solid food to babies (modelled estimates)	Children who first ate soft/semi-solid/solid food before 4 mths of age	PHA, LGA, PHN	2014–2015
Health status, disability and death			
Child and youth health			
Immunisation, 1 yr of age	Children fully immunised at 1 year of age	PHA, LGA, PHN	2016
Immunisation, 2 yrs of age	Children fully immunised at 2 years of age	PHA, LGA, PHN	2016
Immunisation, 5 yrs of age	Children fully immunised at 5 years of age	PHA, LGA, PHN	2016

Topic/ Indicator	Indicator detail	Geography	Time period
HPV, 12 and 13 year old females, males (fully vaccinated)	HPV vaccine coverage for females/ males aged 12-13yrs in mid-2013: Dose 3 received by 2016)	PHA, LGA, PHN	2016
Infant deaths	Infant deaths per 1,000 live births	PHA, LGA, PHN	2011–2015
Child mortality	Deaths of children aged 1 to 4 years	PHN	2011–2015
Youth mortality	Deaths of persons age 15 to 24 years	PHA, LGA, PHN	2011–2015
Screening services			
Bowel screening			
National Bowel Cancer Screening Program: participation	Participation: Males/Females/Persons	PHA, LGA, PHN	2014/15
National Bowel Cancer Screening Program: positive screening result	Positive screening result (indicating blood found in tested sample): Males/Females/Persons	PHA, LGA, PHN	2014/15
Breast screening			
Breast screening participation	Breast screening participation, females aged 50 to 69 yrs (excludes Qld,WA, Tas and NT)	PHA, LGA, PHN	2013–2014
Breast screening outcomes - cancer	Breast screening outcomes - cancer, females aged 50 to 69 years (excludes Qld,WA, Tas and NT)	PHA, LGA, PHN	2013–2014
Cervical screening			
Cervical screening participation	Cervical screening participation, females aged 20 to 69 years (excludes Qld, Tas and NT)	PHA, LGA, PHN	2013–2014
Cervical screening outcomes - Low grade abnormality	Cervical screening outcomes - Low grade abnormality, females aged 20 to 69 years (excludes Qld, Tas and NT)	PHA, LGA, PHN	2013–2014
Cervical screening outcomes - High grade abnormality	Cervical screening outcomes - High grade abnormality, females aged 20 to 69 years (excludes Qld, Tas and NT)	PHA, LGA, PHN	2013–2014
Cancer incidence			
Males			
Prostate cancer incidence	Prostate cancer incidence, males	PHA, LGA, PHN	2006–2010
Colorectal cancer incidence	Colorectal cancer incidence, males	PHA, LGA, PHN	2006–2010
Melanoma of the skin incidence	Melanoma of the skin incidence, males	PHA, LGA, PHN	2006–2010
Lung cancer incidence	Lung cancer incidence, males	PHA, LGA, PHN	2006–2010
Head and neck cancer incidence	Head and neck cancer incidence, males	PHA, LGA, PHN	2006–2010
Lymphoma cancer incidence	Lymphoma cancer incidence, males	PHA, LGA, PHN	2006–2010
Leukaemia cancer incidence	Leukaemia cancer incidence, males	PHA, LGA, PHN	2006–2010
Bladder cancer incidence	Bladder cancer incidence, males	PHA, LGA, PHN	2006–2010
Kidney cancer incidence	Kidney cancer incidence, males	PHA, LGA, PHN	2006–2010
Pancreatic cancer incidence	Pancreatic cancer incidence, males	PHN	2006–2010
Stomach cancer incidence	Stomach cancer incidence, males	PHN	2006–2010
All other cancer incidence	All other cancer incidence, males	PHN	2006–2010
All cancer incidence	All cancer incidence, males	PHN	2006–2010
Females			
Breast cancer incidence	Breast cancer incidence, females	PHA, LGA, PHN	2006–2010
Colorectal cancer incidence	Colorectal cancer incidence, females	PHA, LGA, PHN	2006–2010
Melanoma of the skin incidence	Melanoma of the skin incidence, females	PHA, LGA, PHN	2006–2010

Topic/ Indicator	Indicator detail	Geography	Time period
Lung cancer incidence	Lung cancer incidence, females	PHA, LGA, PHN	2006–2010
Uterine cancer incidence	Uterine cancer incidence, females	PHA, LGA, PHN	2006–2010
Lymphoma cancer incidence	Lymphoma cancer incidence, females	PHA, LGA, PHN	2006–2010
Thyroid cancer incidence	Thyroid cancer incidence, females	PHN	2006–2010
Leukaemia cancer incidence	Leukaemia cancer incidence, females	PHN	2006–2010
Ovarian cancer incidence	Ovarian cancer incidence, females	PHN	2006–2010
Pancreatic cancer incidence	Pancreatic cancer incidence, females	PHN	2006–2010
All other cancer incidence	All other cancer incidence, females	PHN	2006–2010
All cancer incidence	All cancer incidence, females	PHN	2006–2010
Persons			
All cancer incidence	All cancer incidence, persons	PHA, PHN	2006–2010
Modelled estimates (ABS National Health Survey)			
Self-assessed health (modelled estimates)			
Fair or poor health	People reporting fair or poor health, 15 yrs & over	PHA, LGA, PHN	2014–15
Chronic disease and conditions (modelled estimates)			
Diabetes mellitus	Estimated population with diabetes mellitus	PHA, LGA, PHN	2011–12
High blood cholesterol	Estimated population with high blood cholesterol	PHA, LGA, PHN	2011–12
People with mental & behavioural problems	Estimated population with mental & behavioural problems	PHA, LGA, PHN	2011–12
Males with mental & behavioural problems	Estimated male population with mental & behavioural problems	PHA, LGA, PHN	2011–12
Females with mental & behavioural problems	Estimated female population with mental & behavioural problems	PHA, LGA, PHN	2011–12
Circulatory system diseases	Estimated population with circulatory system diseases, 2 yrs & over	PHA, LGA, PHN	2011–12
- Hypertensive disease	- Estimated population with hypertensive disease	PHA, LGA, PHN	2011–12
Respiratory system diseases	Estimated population with respiratory system diseases	PHA, LGA, PHN	2011–12
- Asthma	- Estimated population with asthma	PHA, LGA, PHN	2011–12
- Chronic obstructive pulmonary disease (COPD)	- Estimated population with COPD	PHA, LGA, PHN	2011–12
Musculoskeletal system diseases	Estimated population with musculoskeletal system diseases	PHA, LGA, PHN	2011–12
- Arthritis	- Estimated population with arthritis	PHA, LGA, PHN	2011–12
Health risk factors, adults (modelled estimates)			
Psychological distress	Estimated population with high or very high psychological distress based on the Kessler 10 Scale (K10), 18 yrs & over	PHA, LGA, PHN	2014–15
Blood pressure	Estimated population with high blood pressure, 18 yrs & over	PHA, LGA, PHN	2014–15
Overweight (not obese) males	Estimated male population who were overweight, 18 yrs & over	PHA, LGA, PHN	2014–15
Obese males	Estimated male population who were obese, 18 yrs & over	PHA, LGA, PHN	2014–15
Overweight (not obese) females	Estimated female population who were overweight, 18 yrs & over	PHA, LGA, PHN	2014–15
Obese females	Estimated female population who were obese, 18 yrs & over	PHA, LGA, PHN	2014–15
Overweight (not obese) persons	Estimated population who were overweight, 18 yrs & over	PHA, LGA, PHN	2014–15
Obese persons	Estimated population who were obese, 18 yrs & over	PHA, LGA, PHN	2014–15
Waist measurement	Estimated male population with a waist measurement indicating an increased/substantially increased risk of developing chronic diseases, 18 years & over	PHA, LGA, PHN	2014–15

Topic/ Indicator	Indicator detail	Geography	Time period
Waist measurement	Estimated female population with a waist measurement indicating an increased/substantially increased risk of developing chronic diseases, 18 years & over	PHA, LGA, PHN	2014–15
Waist measurement	Estimated population with a waist measurement indicating an increased/substantially increased risk of developing chronic diseases, 18 years & over	PHA, LGA, PHN	2014–15
Male smokers	Estimated male population who were current smokers, 18 yrs & over	PHA, LGA, PHN	2014–15
Female smokers	Estimated female population who were current smokers, 18 yrs & over	PHA, LGA, PHN	2014–15
Smokers	Estimated population who were current smokers, 18 yrs & over	PHA, LGA, PHN	2014–15
Alcohol consumption	Estimated population consuming alcohol at levels considered to be a high risk to health, 18 yrs & over	PHA, LGA, PHN	2014–15
Fruit	Estimated population with adequate fruit intake, 18 yrs & over	PHA, LGA, PHN	2014–15
Exercise	Estimated population who undertook low or no exercise, 18 yrs & over		
Health risk factors, children (modelled estimates)			
Overweight (not obese) males	Estimated male population who were overweight, 2 to 17 yrs	PHA, LGA, PHN	2014–15
Obese males	Estimated male population who were obese, 2 to 17 yrs	PHA, LGA, PHN	2014–15
Overweight (not obese) females	Estimated female population who were overweight, 2 to 17 yrs	PHA, LGA, PHN	2014–15
Obese females	Estimated female population who were obese, 2 to 17 yrs	PHA, LGA, PHN	2014–15
Overweight (not obese) persons	Estimated population who were overweight, 2 to 17 yrs	PHA, LGA, PHN	2014–15
Obese persons	Estimated population who were obese, 2 to 17 yrs	PHA, LGA, PHN	2014–15
Fruit	Estimated population with adequate fruit intake, 4 to 17 yrs	PHA, LGA, PHN	2014–15
Composite health risk factors (modelled estimates)			
Males	Estimated male population who had one of four health risk factors (current smokers, high risk alcohol, obese or no or low exercise), 18 yrs & over	PHA, LGA, PHN	2014–15
Females	Estimated female population who had one of four health risk factors (current smokers, high risk alcohol, obese or no or low exercise), 18 yrs & over	PHA, LGA, PHN	2014–15
Persons	Estimated population who had one of four health risk factors (current smokers, high risk alcohol, obese or no or low exercise), 18 yrs & over	PHA, LGA, PHN	2014–15
Disability			
Assistance to people with a disability (unpaid)	Unpaid assistance provided by people 15 yrs & over to persons with a disability	PHA, LGA, PHN	2016
Profound or severe disability – all ages	People with a profound or severe disability living in the community or in long-term care facilities, all ages	PHA, LGA, PHN	2016

Topic/ Indicator	Indicator detail	Geography	Time period
Profound or severe disability & living in the community – all ages	People with a profound or severe disability living in the community, all ages	PHA, LGA, PHN	2016
Profound or severe disability – 0 to 64 yrs	People with a profound or severe disability living in the community or in long-term care facilities, ages 0 to 64	PHA, LGA, PHN	2016
Profound or severe disability & living in the community – 0 to 64 yrs	People with a profound or severe disability living in the community, aged 0 to 64 yrs	PHA, LGA, PHN	2016
Profound or severe disability – 65 yrs & over	People with a profound or severe disability living in the community or in long-term care facilities, 65 yrs & over	PHA, LGA, PHN	2016
Profound or severe disability & living in the community – 65 yrs & over	People with a profound or severe disability living in the community, 65 yrs & over	PHA, LGA, PHN	2011
Median age at death			
Median age at death of males	Median age at death of males	PHA, LGA, PHN	2010–2014
Median age at death of females	Median age at death of females	PHA, LGA, PHN	2010–2014
Median age at death of persons	Median age at death of persons	PHA, LGA, PHN	2010–2014
Premature mortality, by sex			
Deaths of males aged 0 to 74 years	Deaths of males aged 0 to 74 years	PHA, LGA, PHN	2011–2015
Deaths of females aged 0 to 74 years	Deaths of females aged 0 to 74 years	PHA, LGA, PHN	2011–2015
Deaths of people aged 0 to 74 years	Deaths of people aged 0 to 74 years	PHA, LGA, PHN	2011–2015
Premature mortality, by selected cause			
Deaths from cancer, persons aged 0 to 74 yrs	Deaths from cancer, persons aged 0 to 74 yrs	PHA, LGA, PHN	2011–2015
- Colorectal cancer, persons aged 0 to 74 yrs	Deaths from colorectal cancer, persons aged 0 to 74 yrs	PHA, LGA, PHN	2011–2015
- Lung cancer, persons aged 0 to 74 yrs	Deaths from lung cancer, persons aged 0 to 74 yrs	PHA, LGA, PHN	2011–2015
- Breast cancer, females aged 0 to 74 yrs	Deaths from breast cancer, females aged 0 to 74 yrs	PHA, LGA, PHN	2011–2015
Deaths from endocrine, nutritional and metabolic diseases: deaths from diabetes, persons aged 0 to 74 yrs	Deaths from endocrine, nutritional and metabolic diseases: deaths from diabetes, persons aged 0 to 74 yrs	PHA, LGA, PHN	2011–2015
Deaths from circulatory system diseases, persons aged 0 to 74 yrs	Deaths from circulatory system diseases, persons aged 0 to 74 yrs	PHA, LGA, PHN	2011–2015
- Ischaemic heart disease, persons aged 0 to 74 yrs	Deaths from ischaemic heart disease, persons aged 0 to 74 yrs	PHA, LGA, PHN	2011–2015
- Cerebrovascular diseases, persons aged 0 to 74 yrs	Deaths from cerebrovascular disease, persons aged 0 to 74 yrs	PHA, LGA, PHN	2011–2015
Deaths from respiratory system diseases, persons aged 0 to 74 yrs	Deaths from respiratory system diseases, persons aged 0 to 74 yrs	PHA, LGA, PHN	2011–2015
- Chronic obstructive pulmonary disease, persons aged 0 to 74 yrs	Deaths from chronic obstructive pulmonary disease, persons aged 0 to 74 yrs	PHA, LGA, PHN	2011–2015
Deaths from external causes, persons aged 0 to 74 yrs	Deaths from external causes, persons aged 0 to 74 yrs	PHA, LGA, PHN	2011–2015
- Road traffic injuries, persons aged 0 to 74 yrs	Deaths from road traffic injuries, persons aged 0 to 74 yrs	PHA, LGA, PHN	2011–2015
- Suicide and self-inflicted injuries, persons aged 0 to 74 yrs	Deaths from suicide and self-inflicted injuries, persons aged 0 to 74 yrs	PHA, LGA, PHN	2011–2015

Avoidable mortality by sex

Topic/ Indicator	Indicator detail	Geography	Time period
Deaths from all avoidable causes, males/females/persons aged 0 to 74 yrs	Deaths from all avoidable causes, males/females/persons aged 0 to 74 yrs	PHA, LGA, PHN	2011–2015
Avoidable mortality by selected cause			
Avoidable deaths from cancer, persons aged 0 to 74 yrs	Avoidable deaths from cancer, persons aged 0 to 74 yrs	PHA, LGA, PHN	2011–2015
- Colorectal cancer, persons aged 0 to 74 yrs	Avoidable deaths from colorectal cancer, persons aged 0 to 74 yrs	PHA, LGA, PHN	2011–2015
- Breast cancer, persons aged 0 to 74 yrs	Avoidable deaths from breast cancer, persons aged 0 to 74 yrs	PHA, LGA, PHN	2011–2015
Avoidable deaths from endocrine, nutritional and metabolic diseases: deaths from diabetes, persons aged 0 to 74 yrs	Avoidable deaths from endocrine, nutritional and metabolic diseases: deaths from diabetes, persons aged 0 to 74 yrs	PHA, LGA, PHN	2011–2015
Avoidable deaths from cardiovascular diseases, persons aged 0 to 74 yrs	Avoidable deaths from cardiovascular diseases, persons aged 0 to 74 yrs	PHA, LGA, PHN	2011–2015
- Ischaemic heart disease, persons aged 0 to 74 yrs	Avoidable deaths from ischaemic heart disease, persons aged 0 to 74 yrs	PHA, LGA, PHN	2011–2015
- Cerebrovascular diseases, persons aged 0 to 74 yrs	Avoidable deaths from cerebrovascular disease, persons aged 0 to 74 yrs	PHA, LGA, PHN	2011–2015
Avoidable deaths from respiratory system diseases, persons aged 0 to 74 yrs	Avoidable deaths from respiratory system diseases, persons aged 0 to 74 yrs	PHA, LGA, PHN	2011–2015
- Chronic obstructive pulmonary disease, persons aged 0 to 74 yrs	Avoidable deaths from chronic obstructive pulmonary disease, persons aged 0 to 74 yrs	PHA, LGA, PHN	2011–2015
Avoidable deaths from selected external causes of mortality (Falls; Fires, burns; Suicide and self-inflicted injuries; etc.), persons aged 0 to 74 yrs	Avoidable deaths from selected external causes of mortality (Falls; Fires, burns; Suicide and self-inflicted injuries; etc.), persons aged 0 to 74 yrs	PHA, LGA, PHN	2011–2015
- Suicide and self-inflicted injuries, persons aged 0 to 74 yrs	Avoidable deaths from suicide and self-inflicted injuries, persons aged 0 to 74 yrs	PHA, LGA, PHN	2011–2015
Avoidable deaths from other external causes of mortality (Transport accidents; Accidental drowning and submersion; etc.), persons aged 0 to 74 yrs	Avoidable deaths from other external causes of mortality (Transport accidents; Accidental drowning and submersion; etc.), persons aged 0 to 74 yrs	PHA, LGA, PHN	2011–2015
- Avoidable deaths from transport accidents, persons aged 0 to 74 yrs	Avoidable deaths from transport accidents, persons aged 0 to 74 yrs	PHA, LGA, PHN	2011–2015

Use and provision of health and welfare services

Aged care places

Residential aged care places	Rate per 1,000 population aged 70 years and over	PHA, LGA, PHN	June 2016

Transport instances	Transport instances	PHA, LGA, PHN	2014/15
Total instances of assistance	Total instances of assistance	PHA, LGA, PHN	2014/15
Admissions by hospital type and sex			
Total admissions - Public/Private /All hospitals	Rate per 100,000 population	PHA, LGA, PHN	2014/15
Male total admissions - Public/All hospitals	Rate per 100,000 males	PHA, LGA, PHN	2014/15
Female total admissions - Public/All hospitals	Rate per 100,000 females	PHA, LGA, PHN	2014/15
Hospital admissions by principal diagnosis and sex			
Admissions for infectious and parasitic diseases, males/females/persons - Public/All hospitals	Rate per 100,000 population	PHA, LGA, PHN	2014/15
Admissions for all cancers, males/females/persons - Public/All hospitals	Rate per 100,000 population	PHA, LGA, PHN	2014/15
Admissions for blood and blood-forming organs diseases and certain disorders involving the immune mechanism - Public/All hospitals	Rate per 100,000 population	PHA, LGA, PHN	2014/15
Admissions for blood and blood-forming organs diseases and certain disorders involving the immune mechanism - All hospitals	Rate per 100,000 population	PHA, LGA, PHN	2014/15
Admissions for endocrine, nutritional and metabolic diseases, males/females/persons - Public/All hospitals	Rate per 100,000 population	PHA, LGA, PHN	2014/15
Admissions for nervous system diseases, males/females/persons - Public/All hospitals	Rate per 100,000 population	PHA, LGA, PHN	2014/15

Topic/ Indicator	Indicator detail	Geography	Time period
Admissions for eye and adnexa diseases - Public/All hospitals	Rate per 100,000 population	PHA, LGA, PHN	2014/15
Admissions for ear and mastoid process diseases, males/females/persons - Public/All hospitals	Rate per 100,000 population	PHA, LGA, PHN	2014/15
Admissions for mental health related conditions, males/females/persons - Public/All hospitals	Rate per 100,000 population	PHA, LGA, PHN	2014/15
Admissions for circulatory system diseases, males/females/persons - Public/All hospitals	Rate per 100,000 population	PHA, LGA, PHN	2014/15
Admissions for respiratory system diseases, males/females/persons - Public/All hospitals	Rate per 100,000 population	PHA, LGA, PHN	2014/15
Admissions for digestive diseases, males/females/persons - Public/All hospitals	Rate per 100,000 population	PHA, LGA, PHN	2014/15
Admissions for skin and subcutaneous tissue diseases - Public/All hospitals	Rate per 100,000 population	PHA, LGA, PHN	2014/15
Admissions for musculoskeletal system and connective tissues diseases, males/females/persons - Public/All hospitals	Rate per 100,000 population	PHA, LGA, PHN	2014/15
Admissions for genitourinary system diseases, males/females/persons - Public/All hospitals	Rate per 100,000 population	PHA, LGA, PHN	2014/15
Admissions for pregnancy and childbirth, females 15 to 44 years - Public/All hospitals	Rate per 100,000 population	PHA, LGA, PHN	2014/15
Admissions for congenital malformations, deformations and chromosomal abnormalities, males/females/persons - Public/All hospitals	Rate per 100,000 population	PHA, LGA, PHN	2014/15
Admissions for injury, poisoning and other external causes, males/females/persons - Public/All hospitals	Rate per 100,000 population	PHA, LGA, PHN	2014/15
Hospital admissions by procedure type			2014/15
Admissions for a tonsillectomy and/or adenoidectomy - Public/All hospitals	Rate per 100,000 population	PHA, LGA, PHN	2014/15
Admissions for a myringotomy, aged 0 to 9 yrs - Public/All hospitals	Rate per 100,000 population, aged 0-9 yrs	PHA, LGA, PHN	2014/15
Admissions for a hysterectomy, females aged 30 to 59 yrs - Public/All hospitals	Rate per 100,000 population, females aged 30-59 yrs	PHA, LGA	2014/15
Admissions for a Caesarean section, females aged 15 to 44 yrs - Public/All hospitals	Rate per 100 women admitted for a birth, aged 15-44 yrs	PHA, LGA, PHN	2014/15
Admissions for a birth with an outcome of delivery, females aged 15 to 44 yrs - Public/All hospitals		PHA, LGA, PHN	2014/15
Admissions for coronary artery bypass graft - Public/All hospitals	Rate per 100,000 females, aged 15-44 yrs	PHA, LGA, PHN	2014/15
Admissions for coronary angioplasty - Public/All hospitals	Rate per 100,000 population	PHA, LGA, PHN	2014/15
Admissions for cardiac catheterisation - Public/All hospitals	Rate per 100,000 population	PHA, LGA, PHN	2014/15

Topic/ Indicator	Indicator detail	Geography	Time period
Admissions for hip fracture - Public/All hospitals	Rate per 100,000 population	PHA, LGA, PHN	2014/15
Admissions for knee replacement - Public/All hospitals	Rate per 100,000 population	PHA, LGA, PHN	2014/15
Admissions for knee arthroscopy - Public/All hospitals	Rate per 100,000 population	PHA, LGA, PHN	2014/15
Admissions for fibre optic colonoscopy - Public/All hospitals	Rate per 100,000 population	PHA, LGA, PHN	2014/15
Admissions for fibre optic colonoscopy excision - Public/All hospitals	Rate per 100,000 population	PHA, LGA, PHN	2014/15
Same-day hospital admissions for renal dialysis			
Admissions for same-day dialysis for kidney disease - Public/ All hospitals	Rate per 100,000 population	PHA, LGA, PHN	2014/15
Potentially preventable hospitalisations - All conditions			
Admissions for all potentially preventable conditions – Public/All hospitals	Rate per 100,000 population	PHA, LGA, PHN	2014/15
Potentially preventable hospitalisations – Vaccine-preventable conditions			
Admissions for vaccine-preventable conditions - pneumonia and influenza - Public/All hospitals	Rate per 100,000 population	PHA, LGA, PHN	2014/15
Admissions for vaccine-preventable conditions - other - Public/All hospitals	Rate per 100,000 population	PHA, LGA, PHN	2014/15
Admissions for total vaccine-preventable conditions - Public hospitals	Rate per 100,000 population	PHA, LGA, PHN	2014/15
Admissions for acute cellulitis - Public/All hospitals	Rate per 100,000 population	PHA, LGA, PHN	2014/15
Admissions for acute convulsions and epilepsy - Public/All hospitals	Rate per 100,000 population	PHA, LGA, PHN	2014/15
Admissions for acute dental conditions - Public/All hospitals	Rate per 100,000 population	PHA, LGA, PHN	2014/15
Admissions for acute ear, nose and throat infections - Public/All hospitals	Rate per 100,000 population	PHA, LGA, PHN	2014/15
Admissions for acute urinary tract infections, including pyelonephritis - Public/All hospitals	Rate per 100,000 population	PHA, LGA, PHN	2014/15
Admissions for other acute conditions - Public/All hospitals	Rate per 100,000 population	PHA, LGA, PHN	2014/15
Admissions for total acute conditions - Public/All hospitals	Rate per 100,000 population	PHA, LGA, PHN	2014/15
Potentially preventable hospitalisations – Acute conditions			
Admissions for acute cellulitis - Public/All hospitals	Rate per 100,000 population	PHA, LGA, PHN	2014/15
Admissions for acute convulsions and epilepsy - Public/All hospitals	Rate per 100,000 population	PHA, LGA, PHN	2014/15
Admissions for acute dental conditions - Public/All hospitals	Rate per 100,000 population	PHA, LGA, PHN	2014/15
Admissions for acute ear, nose and throat infections - Public/All hospitals			

Topic/ Indicator	Indicator detail	Geography	Time period
Admissions for acute urinary tract infections, including pyelonephritis - Public/All hospitals	Rate per 100,000 population	PHA, LGA, PHN	2014/15
Admissions for other acute conditions - Public/All hospitals			
Admissions for total acute conditions - Public/All hospitals	Rate per 100,000 population	PHA, LGA, PHN	2014/15
Potentially preventable hospitalisations - Chronic conditions			
Admissions for chronic angina - Public/All hospitals	Rate per 100,000 population	PHA, LGA, PHN	2014/15
Admissions for chronic asthma - Public/All hospitals	Rate per 100,000 population	PHA, LGA, PHN	2014/15
Admissions for chronic congestive cardiac failure - Public/All hospitals	Rate per 100,000 population	PHA, LGA, PHN	2014/15
Admissions for chronic COPD - Public/All hospitals	Rate per 100,000 population	PHA, LGA, PHN	2014/15
Admissions for chronic diabetes complications - Public/All hospitals	Rate per 100,000 population	PHA, LGA, PHN	2014/15
Admissions for chronic iron deficiency anaemia - Public/All hospitals	Rate per 100,000 population	PHA, LGA, PHN	2014/15
Admissions for other chronic conditions - Public/All hospitals	Rate per 100,000 population	PHA, LGA, PHN	2014/15
Admissions for total chronic conditions - Public/All hospitals	Rate per 100,000 population	PHA, LGA, PHN	2014/15
Emergency department presentations			
Emergency department presentations	Rate per 100,000 population	PHA, LGA, PHN	2012/13
Private health insurance cover (modelled estimate)			
Private health insurance cover	Estimated number of people, aged 18 years and over, with private health insurance hospital cover	PHA, LGA, PHN	2014–15

2. National Data held by Indigenous Area (IARE): Aboriginal and Torres Strait Islander Atlas

Topic/ Indicator	Indicator detail	Geography	Time period
Population demographics			
Age distribution			
Age distribution: Aboriginal population (Usual Resident Population)	Age in 5 year groups, 0-4 to 65+ years: Males/Females/Persons	IARE	2016
Indigenous status	Aboriginal population as per cent of total Usual Resident Population	IARE	2016
Aboriginal and total population: 5 year age groups	Aboriginal population as per cent of total Usual Resident Population by 5 year age groups: 0 to 65+ years	IARE	2016
Fertility (Archived)	Total fertility rate	IARE	2004–2007
Social indicators			
Aboriginal education			
Secondary school	Full-time participation in secondary school education at age 16	IARE	2016
VET –Vocational education & training subjects	Participation of Aboriginal students in vocational education & training	IARE	2015
VET – Load pass rate of vocational education & training subjects	Load pass rate of Aboriginal students undertaking vocational education and training subjects	IARE	2015
VET – Government-funded vocational education & training	Aboriginal students in government-funded vocational education & training	IARE	2015
Aboriginal early childhood development: <i>in process of being updated</i>			
Australian Early Development Census (AEDC*)			
- Developmentally vulnerable on one or more domains	Aboriginal children assessed as developmentally vulnerable on one or more domains	IARE	2009/ 2012/ 2015
- Developmentally vulnerable on two or more domains	Aboriginal children assessed as developmentally vulnerable on two or more domains	IARE	2009/ 2012/ 2015
- Physical health and wellbeing domain	Aboriginal children assessed as developmentally vulnerable in the physical health and wellbeing domain	IARE	2009/ 2012/ 201512
- Social competence domain	Aboriginal children assessed as developmentally vulnerable in the social competence domain	IARE	2009/ 2012/ 201512
- Emotional maturity	Aboriginal children assessed developmentally vulnerable in the emotional maturity domain	IARE	2009/ 2012/ 201512
- Language and cognitive skills (schools-based) domain	Aboriginal children assessed as developmentally vulnerable in the language and cognitive skills (schools-based) domain	IARE	2009/ 2012/ 2015
- Communication skills and general knowledge domain	Aboriginal children assessed as developmentally vulnerable in the communication skills and general knowledge domain	IARE	2009/ 2012/ 2015
*Previously the Australian Early Development Index			

Topic/ Indicator	Indicator detail	Geography	Time period
Aboriginal families			
Single parent families	Single parent families with children aged less than 15 years	IARE	2016
Low income families	Low income families	IARE	2016
Jobless families	Jobless families with children aged less than 15 years	IARE	2016
Children aged less than 15 years in jobless families	Children aged less than 15 years in jobless families	IARE	2016
Aboriginal housing			
Housing authority dwellings being rented by Aboriginal households	Private dwellings rented by Aboriginal households from the government housing authority	IARE	2016
Dwellings being rented from a housing co-operative, community or church group by Aboriginal households	Private dwellings rented by Aboriginal households from a housing co-operative, community or church group	IARE	2016
Housing suitability	Private dwellings with Aboriginal households requiring one or more extra bedrooms	IARE	2016
Internet access at dwellings with Aboriginal households			
All Aboriginal households: Internet not accessed at dwelling	Private dwellings with Aboriginal households, where Internet was not accessed	IARE	2016
All Aboriginal households: Internet accessed at dwelling	Private dwellings with Aboriginal households, where Internet was accessed	IARE	2016
Aboriginal households with children: Internet not accessed at dwelling	Private dwellings with Aboriginal households with children, where Internet was not accessed	IARE	2016
Aboriginal households with children: Internet accessed at dwelling	Private dwellings with Aboriginal households with children, where Internet was accessed	IARE	2016
Aboriginal labour force			
Unemployment	Unemployment	IARE	2016
Female labour force participation	Female labour force participation	IARE	2016
Summary measure of Indigenous outcomes			
	Indigenous Relative Socioeconomic Outcomes index	IARE	2011
Aboriginal mothers & babies			
Smoking during pregnancy	Aboriginal women smoking during a pregnancy	IARE	2012–2014
Low birth weight babies	Low birthweight babies	IARE	2012–2014
Aboriginal immunisation			
Aboriginal children fully immunised at 1 year of age	Aboriginal children fully immunised at 1 year of age	IARE	2016
Aboriginal children fully immunised at 2 years of age	Aboriginal children fully immunised at 2 years of age	IARE	2016
Aboriginal children fully immunised at 5 years of age	Aboriginal children fully immunised at 5 years of age	IARE	2016
Health status, disability and death			
Disability			
Profound or severe disability	Estimated number of Aboriginal people living in the community with a profound or severe disability	IARE	2016

Topic/ Indicator	Indicator detail	Geography	Time period
Assistance to people with a disability (unpaid)	Unpaid assistance provided by Aboriginal people aged 15 yrs & over to persons with a disability	IARE	2016
Aboriginal median age at death: <i>in process of being updated</i>			
Median age at death of males	Median age at death of Aboriginal males	IARE	2011–15
Median age at death of females	Median age at death of Aboriginal females	IARE	2011–15
Median age at death of persons	Median age at death of Aboriginal persons	IARE	2011–15
Aboriginal premature mortality, by sex: <i>in process of being updated</i>			
Deaths of Aboriginal males aged 0 to 54 yrs	Deaths of Aboriginal males aged 0 to 54 yrs (NSW, Qld, SA, WA & NT)	IARE	2011–15
Deaths of Aboriginal females aged 0 to 54 yrs	Deaths of Aboriginal females aged 0 to 54 yrs (NSW, Qld, SA, WA & NT)	IARE	2011–15
Deaths of Aboriginal persons aged 0 to 54 yrs	Deaths of Aboriginal persons aged 0 to 54 yrs (NSW, Qld, SA, WA & NT)	IARE	2011–15
Deaths of Aboriginal males aged 0 to 64 yrs	Deaths of Aboriginal males aged 0 to 64 yrs (NSW, Qld, SA, WA & NT)	IARE	2011–15
Deaths of Aboriginal females aged 0 to 64 yrs	Deaths of Aboriginal females aged 0 to 64 yrs (NSW, Qld, SA, WA & NT)	IARE	2011–15
Deaths of Aboriginal people aged 0 to 64 yrs	Deaths of Aboriginal persons aged 0 to 64 yrs (NSW, Qld, SA, WA & NT)	IARE	2011–15
Deaths of Aboriginal males aged 0 to 74 yrs	Deaths of Aboriginal males aged 0 to 74 yrs (NSW, Qld, SA, WA & NT)	IARE	2011–15
Deaths of Aboriginal females aged 0 to 74 yrs	Deaths of Aboriginal females aged 0 to 74 yrs (NSW, Qld, SA, WA & NT)	IARE	2011–15
Deaths of Aboriginal people aged 0 to 74 yrs	Deaths of Aboriginal persons aged 0 to 74 yrs (NSW, Qld, SA, WA & NT)	IARE	2011–15
Aboriginal premature mortality, by selected cause: <i>in process of being updated</i>			
Deaths from cancer, Aboriginal persons aged 0 to 54 yrs	Deaths from cancer, Aboriginal persons aged 0 to 54 yrs (NSW, Qld, SA, WA & NT)	IARE	2011–15
Deaths from circulatory system diseases, Aboriginal persons aged 0 to 54 yrs	Deaths from circulatory system diseases, Aboriginal persons aged 0 to 54 yrs (NSW, Qld, SA, WA & NT)	IARE	2011–15
Deaths from respiratory system diseases, Aboriginal persons aged 0 to 54 yrs	Deaths from respiratory system diseases, Aboriginal persons aged 0 to 54 yrs (NSW, Qld, SA, WA & NT)	IARE	2011–15
Deaths from external causes, Aboriginal persons aged 0 to 54 yrs	Deaths from external causes, Aboriginal persons aged 0 to 54 yrs (NSW, Qld, SA, WA & NT)	IARE	2011–15
Deaths from cancer, Aboriginal persons aged 0 to 64 yrs	Deaths from cancer, Aboriginal persons aged 0 to 64 yrs (NSW, Qld, SA, WA & NT)	IARE	2011–15
Deaths from circulatory system diseases, Aboriginal persons aged 0 to 64 yrs	Deaths from circulatory system diseases, Aboriginal persons aged 0 to 64 yrs (NSW, Qld, SA, WA & NT)	IARE	2011–15
Deaths from respiratory system diseases, Aboriginal persons aged 0 to 64 yrs	Deaths from respiratory system diseases, Aboriginal persons aged 0 to 64 yrs (NSW, Qld, SA, WA & NT)	IARE	2011–15

Topic/ Indicator	Indicator detail	Geography	Time period
Deaths from external causes, Aboriginal persons aged 0 to 64 yrs	Deaths from external causes, Aboriginal persons aged 0 to 64 yrs (NSW, Qld, SA, WA & NT)	IARE	2011–15
Deaths from cancer, Aboriginal persons aged 0 to 74 yrs	Deaths from cancer, Aboriginal persons aged 0 to 74 yrs (NSW, Qld, SA, WA & NT)	IARE	2011–15
Deaths from circulatory system diseases, Aboriginal persons aged 0 to 74 yrs	Deaths from circulatory system diseases, Aboriginal persons aged 0 to 74 yrs (NSW, Qld, SA, WA & NT)	IARE	2011–15
Deaths from respiratory system diseases, Aboriginal persons aged 0 to 74 yrs	Deaths from respiratory system diseases, Aboriginal persons aged 0 to 74 yrs (NSW, Qld, SA, WA & NT)	IARE	2011–15
Deaths from external causes, Aboriginal persons aged 0 to 74 yrs	Deaths from external causes, Aboriginal persons aged 0 to 74 yrs (NSW, Qld, SA, WA & NT)	IARE	2011–15

Use of health and welfare services

Home and Community Care Program

Indigenous clients (per total clients)	Indigenous clients as a proportion of total clients	IARE	2014/15
Indigenous clients (per Indigenous population)	Indigenous clients as a proportion of the Indigenous population	IARE	2014/15

Admissions by sex (excluding same-day admissions for renal dialysis)

Total admissions, Aboriginal persons	Rate per 100,000 Aboriginal population	IARE	2014/15
Male total admissions, Aboriginal males	Rate per 100,000 Aboriginal population	IARE	2014/15
Female total admissions, Aboriginal females	Rate per 100,000 Aboriginal population	IARE	2014/15

Admissions by age (excluding same-day admissions for renal dialysis)

Total admissions, Aboriginal persons aged 0 to 14 years	Rate per 100,000 Aboriginal population	IARE	2014/15
Total admissions, Aboriginal persons aged 15 to 24 years	Rate per 100,000 Aboriginal population	IARE	2014/15
Total admissions, Aboriginal persons aged 25 to 44 years	Rate per 100,000 Aboriginal population	IARE	2014/15
Total admissions, Aboriginal persons aged 45 to 64 years	Rate per 100,000 Aboriginal population	IARE	2014/15
Total admissions, Aboriginal persons aged 65 yrs & over	Rate per 100,000 Aboriginal population	IARE	2014/15
Total admissions, Aboriginal persons aged 15 yrs & over	Rate per 100,000 Aboriginal population	IARE	2014/15

Aboriginal admissions by selected principal diagnosis

Infectious and parasitic diseases, Aboriginal persons	Rate per 100,000 Aboriginal population	IARE	2012/13 to 2014/15
All cancers, Aboriginal persons	Rate per 100,000 Aboriginal population	IARE	2012/13 to 2014/15
Blood and blood-forming organs diseases and certain disorders involving the immune mechanism, Aboriginal persons	Rate per 100,000 Aboriginal population	IARE	2012/13 to 2014/15
Endocrine, nutritional and metabolic diseases, Aboriginal persons	Rate per 100,000 Aboriginal population	IARE	2012/13 to 2014/15
Mental health related conditions, Aboriginal persons	Rate per 100,000 Aboriginal population	IARE	2012/13 to 2014/15
Nervous system diseases, Aboriginal persons	Rate per 100,000 Aboriginal population	IARE	2012/13 to 2014/15

Topic/ Indicator	Indicator detail	Geography	Time period
Eye and adnexa diseases, Aboriginal persons	Rate per 100,000 Aboriginal population	IARE	2012/13 to 2014/15
Ear and mastoid process diseases, Aboriginal persons	Rate per 100,000 Aboriginal population	IARE	2012/13 to 2014/15
Circulatory system diseases, Aboriginal persons	Rate per 100,000 Aboriginal population	IARE	2012/13 to 2014/15
Respiratory system diseases, Aboriginal persons	Rate per 100,000 Aboriginal population	IARE	2012/13 to 2014/15
Digestive system diseases, Aboriginal persons	Rate per 100,000 Aboriginal population	IARE	2012/13 to 2014/15
Skin and subcutaneous tissue diseases, Aboriginal persons	Rate per 100,000 Aboriginal population	IARE	2012/13 to 2014/15
Musculoskeletal system and connective tissue diseases, Aboriginal persons	Rate per 100,000 Aboriginal population	IARE	2012/13 to 2014/15
Genitourinary system diseases, Aboriginal persons	Rate per 100,000 Aboriginal population	IARE	2012/13 to 2014/15
Pregnancy, childbirth and the puerperium, Aboriginal females aged 15 to 44 years	Rate per 100,000 Aboriginal population	IARE	2012/13 to 2014/15
Certain conditions originating in the perinatal period, Aboriginal persons	Rate per 100,000 Aboriginal population	IARE	2012/13 to 2014/15
Injury, poisoning and other external causes, Aboriginal persons	Rate per 100,000 Aboriginal population	IARE	2012/13 to 2014/15
Infectious and parasitic diseases, Aboriginal persons	Rate per 100,000 Aboriginal population	IARE	2012/13 to 2014/15

Aboriginal admissions by selected principal diagnosis and age

Infectious and parasitic diseases, Aboriginal persons aged 0 to 14 years	Rate per 100,000 Aboriginal population aged 0 to 14 years	IARE	2012/13 to 2014/15
Infectious and parasitic diseases, Aboriginal persons aged 15 years and over	Rate per 100,000 Aboriginal population aged 15 years and over	IARE	2012/13 to 2014/15
Respiratory system diseases, Aboriginal persons aged 0 to 14 years	Rate per 100,000 Aboriginal population aged 0 to 14 years	IARE	2012/13 to 2014/15
Respiratory system diseases, Aboriginal persons aged 15 years and over	Rate per 100,000 Aboriginal population aged 15 years and over	IARE	2012/13 to 2014/15
Digestive system diseases, Aboriginal persons aged 0 to 14 years	Rate per 100,000 Aboriginal population aged 0 to 14 years	IARE	2012/13 to 2014/15
Digestive system diseases, Aboriginal persons aged 15 years and over	Rate per 100,000 Aboriginal population aged 15 years and over	IARE	2012/13 to 2014/15
Skin and subcutaneous tissue diseases, Aboriginal persons aged 0 to 14 years	Rate per 100,000 Aboriginal population aged 0 to 14 years	IARE	2012/13 to 2014/15
Skin and subcutaneous tissue diseases, Aboriginal persons aged 15 years and over	Rate per 100,000 Aboriginal population aged 15 years and over	IARE	2012/13 to 2014/15

Topic/ Indicator	Indicator detail	Geography	Time period
Injury, poisoning and other external causes, Aboriginal persons aged 0 to 14 years	Rate per 100,000 Aboriginal population aged 0 to 14 years	IARE	2012/13 to 2014/15
Injury, poisoning and other external causes, Aboriginal persons aged 15 years and over	Rate per 100,000 Aboriginal population aged 15 years and over	IARE	2012/13 to 2014/15
Same-day admissions for renal dialysis			
Same-day dialysis admissions for kidney disease, Aboriginal persons	Rate per 100,000 Aboriginal population	IARE	2012/13 to 2014/15
Same-day admissions for renal dialysis			
Same-day dialysis admissions for kidney disease, Aboriginal persons	Rate per 100,000 Aboriginal population	IARE	2012/13 to 2014/15
Potentially preventable hospitalisations			
Admissions for potentially preventable conditions, Aboriginal persons	Rate per 100,000 Aboriginal population	IARE	2012/13 to 2014/15
Potentially preventable hospitalisations by age			
Admissions for potentially preventable conditions, Aboriginal persons aged 0 to 14 years	Rate per 100,000 Aboriginal population aged 0 to 14 years	IARE	2012/13 to 2014/15
Admissions for potentially preventable conditions, Aboriginal persons aged 15 to 24 years	Rate per 100,000 Aboriginal population aged 15 to 24 years	IARE	2012/13 to 2014/15
Admissions for potentially preventable conditions, Aboriginal persons aged 25 to 44 years	Rate per 100,000 Aboriginal population aged 25 to 44 years	IARE	2012/13 to 2014/15
Admissions for potentially preventable conditions, Aboriginal persons aged 45 to 64 years	Rate per 100,000 Aboriginal population aged 45 to 64 years	IARE	2012/13 to 2014/15
Admissions for potentially preventable conditions, Aboriginal persons aged 65 years and over	Rate per 100,000 Aboriginal population aged 65 years and over	IARE	2012/13 to 2014/15
Admissions for potentially preventable conditions, Aboriginal persons aged 15 years and over	Rate per 100,000 Aboriginal population aged 15 years and over	IARE	2012/13 to 2014/15
Potentially preventable hospitalisations - Vaccine-preventable conditions			
Total vaccine-preventable conditions, Aboriginal persons	Rate per 100,000 Aboriginal population	IARE	2012/13 to 2014/15
Potentially preventable hospitalisations - Acute conditions			
Total acute conditions, Aboriginal persons	Rate per 100,000 Aboriginal population	IARE	2012/13 to 2014/15
Acute cellulitis, Aboriginal persons	Rate per 100,000 Aboriginal population	IARE	2012/13 to 2014/15
Acute convulsions and epilepsy, Aboriginal persons	Rate per 100,000 Aboriginal population	IARE	2012/13 to 2014/15
Acute dental conditions, Aboriginal persons	Rate per 100,000 Aboriginal population	IARE	2012/13 to 2014/15
Acute ear, nose and throat infections, Aboriginal persons	Rate per 100,000 Aboriginal population	IARE	2012/13 to 2014/15

Topic/ Indicator	Indicator detail	Geography	Time period
Acute urinary tract infections, including pyelonephritis, Aboriginal persons	Rate per 100,000 Aboriginal population	IARE	2012/13 to 2014/15
Potentially preventable hospitalisations - Chronic conditions			
Total chronic conditions, Aboriginal persons	Rate per 100,000 Aboriginal population	IARE	2012/13 to 2014/15
Chronic Obstructive Pulmonary Disease (COPD), Aboriginal persons	Rate per 100,000 Aboriginal population	IARE	2012/13 to 2014/15
Chronic diabetes complications, Aboriginal persons	Rate per 100,000 Aboriginal population	IARE	2012/13 to 2014/15
